5 July 1957

MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT : Proposed R 50-210, "EXCHANGE OF INTELLIGENCE AND INTELLIGENCE INFORMATION"

REFERENCE : Memorandum dated 8 June 1956, from Executive Officer, DDP to Assistant Director for Central Reference, subject: "Proposed R 50-200, Dissemination of Intelligence and Intelligence Information"

25X1

1. In accordance with the referenced memorandum and subsequent discussions with Messrs. [redacted] of your office, we have developed a proposed regulation on the subject of intelligence exchange and are attaching copies for your review.

2. This paper has been prepared because we believe the subject of intelligence exchange is one which should be covered in at least broad outline in a regulation at Agency level, and also for the purpose of clarifying the reservations we have had with regard to what we considered the "exchange aspects" of proposed R 50-200 as coordinated some time ago.

3. We would appreciate your comments on the draft, which is being submitted informally at the present time although an information copy has gone to the Regulations Control Staff. We will be glad to meet with your representatives to discuss the draft and further explain our ideas, if you believe this would be helpful.

25X1

(Signed)

[redacted]

Executive Officer, DDP

cc: Chief, Regulations Control Staff
